

KWICKSCREEN DUO

Our most flexible product, the Duo is the total privacy solution. Perfect for creating corners and providing privacy on the move.

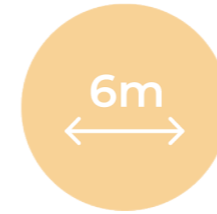

Lightweight and open design, two screens are attached to a central base with rigid central panel for full privacy.

Two double-sided printable inner panels, made from PVC. Fully compatible with all standard cleaning products and disinfectant wipes. See our website for full details on cleaning.

Braked castors with easy foot application, featuring on the base, with full swivel for a high degree of manoeuvrability.

FEATURES

6m Extension

Full extension of up to 6 metres with a very small storage footprint when retracted.

Mobile

Set on castors for full portability and easy mobility.

360° Range

High degree of flexibility with a 360° range of movement and unique L-shaped configuration.

Customisable

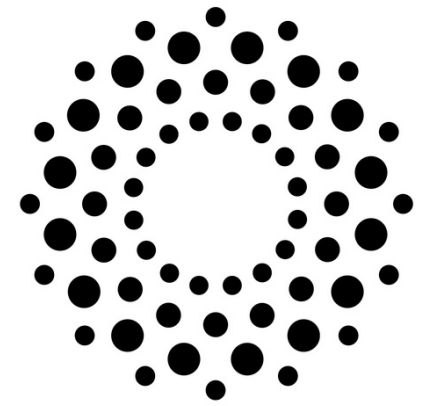

Choose from our extensive image catalogue for a print that suits your space.
