# LED WALL PANELS

Image Catalogue & Guide

ENHANCING PATIENT EXPERIENCE

Trusted by **100+** NHS Hospitals & other leading brands.

# HOW IT WORKS

## **Choose a panel size**

5 stock size options, or create your own.

## **Confirm the quantity**

Opt for one large panel or, span across multiple.

## **Confirm the orientation**

Portrait or landscape and crop images to your liking.

## **Select your image/s**

Opt for our curated range, Shutterstock.com or, your own supply.

## **Choose a control option**

Stick with simple on/off or, opt for something with greater flexibility and impact.

STEP 1

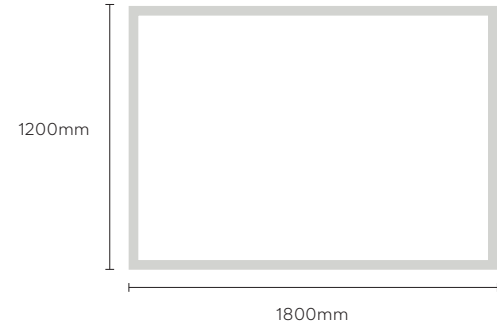

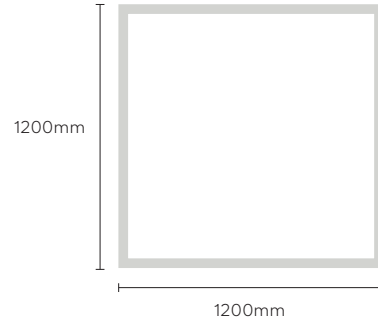

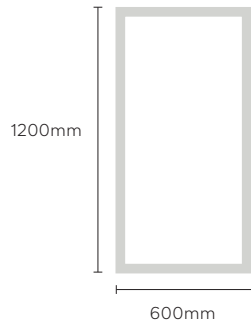

SELECT A SIZE  
OR, CREATE ONE.

# SIZE VARIATIONS

We offer 5 standard LED Wall Panel sizes.

Choose to have your panel in landscape or portrait orientation.

We can also create custom sizes up to a max of 1500 x 2800mm.

STEP 2

# CONFIRM THE QUANTITY.

Opt for one  
large panel or,  
span across  
multiple.

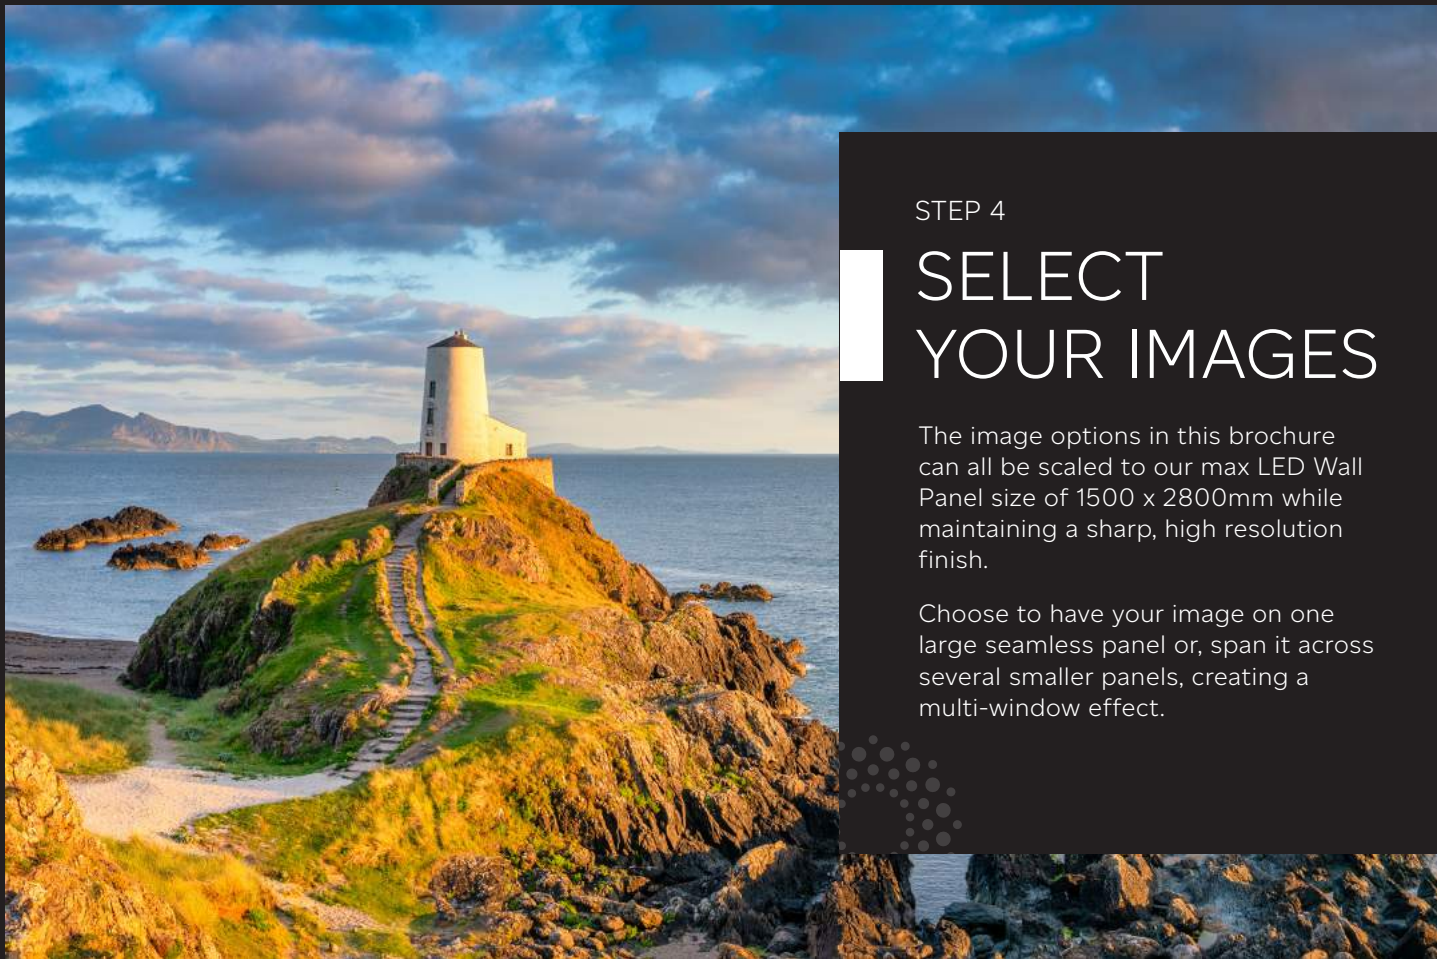

STEP 3

# CONFIRM THE ORIENTATION.

Portrait or  
landscape and  
crop images to  
your liking.

STEP 4

## SELECT YOUR IMAGES

The image options in this brochure can all be scaled to our max LED Wall Panel size of 1500 x 2800mm while maintaining a sharp, high resolution finish.

Choose to have your image on one large seamless panel or, span it across several smaller panels, creating a multi-window effect.

# MAKE IT PERSONAL

Choose a scene that will resonate with your patients, staff and visitors.

In addition to this catalogue, you can choose images directly from the extensive image library on [www.shutterstock.com](http://www.shutterstock.com).

Finally, why not supply us with your own images or commission a professional photography piece.
