# LED SKY CEILINGS

Image Catalogue & Guide

ENHANCING PATIENT EXPERIENCE

Trusted by **100+** NHS Hospitals & other leading brands.

# HOW IT WORKS

1

## **Choose a panel size**

5 stock size options, or create your own.

2

## **Confirm the quantity**

Any number of panels is possible.

3

## **Confirm the configuration**

Arrange them any way you like. We'll configure the image to suit.

4

## **Select your image/s**

Opt for our curated range, Shutterstock.com or, your own supply.

5

## **Choose a mounting method**

Suspended ceiling grid lay-in, surface mount or cable suspended.

6

## **Choose a control option**

Stick with simple on/off or, opt for something with greater flexibility and impact.

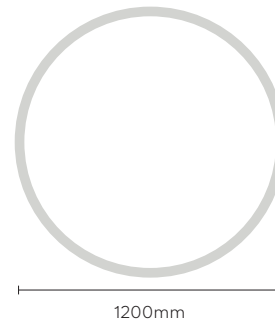

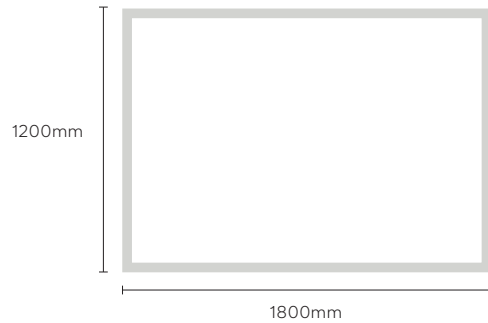

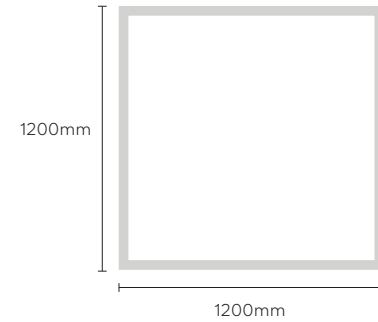

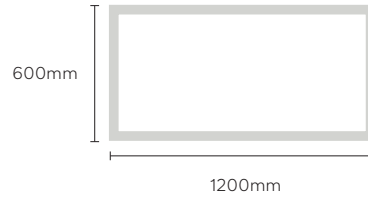

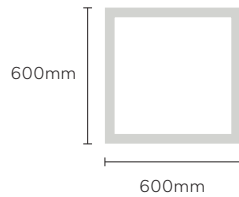

STEP 1

SELECT A SIZE  
OR, CREATE ONE.

# SIZE VARIATIONS

We offer 5 standard LED Sky Ceiling Panel sizes.

We can also create custom ceiling panel sizes up to a max of 1200 x 1800mm.

STEP 2

# CONFIRM THE QUANTITY.

Any number  
of panels is  
possible.

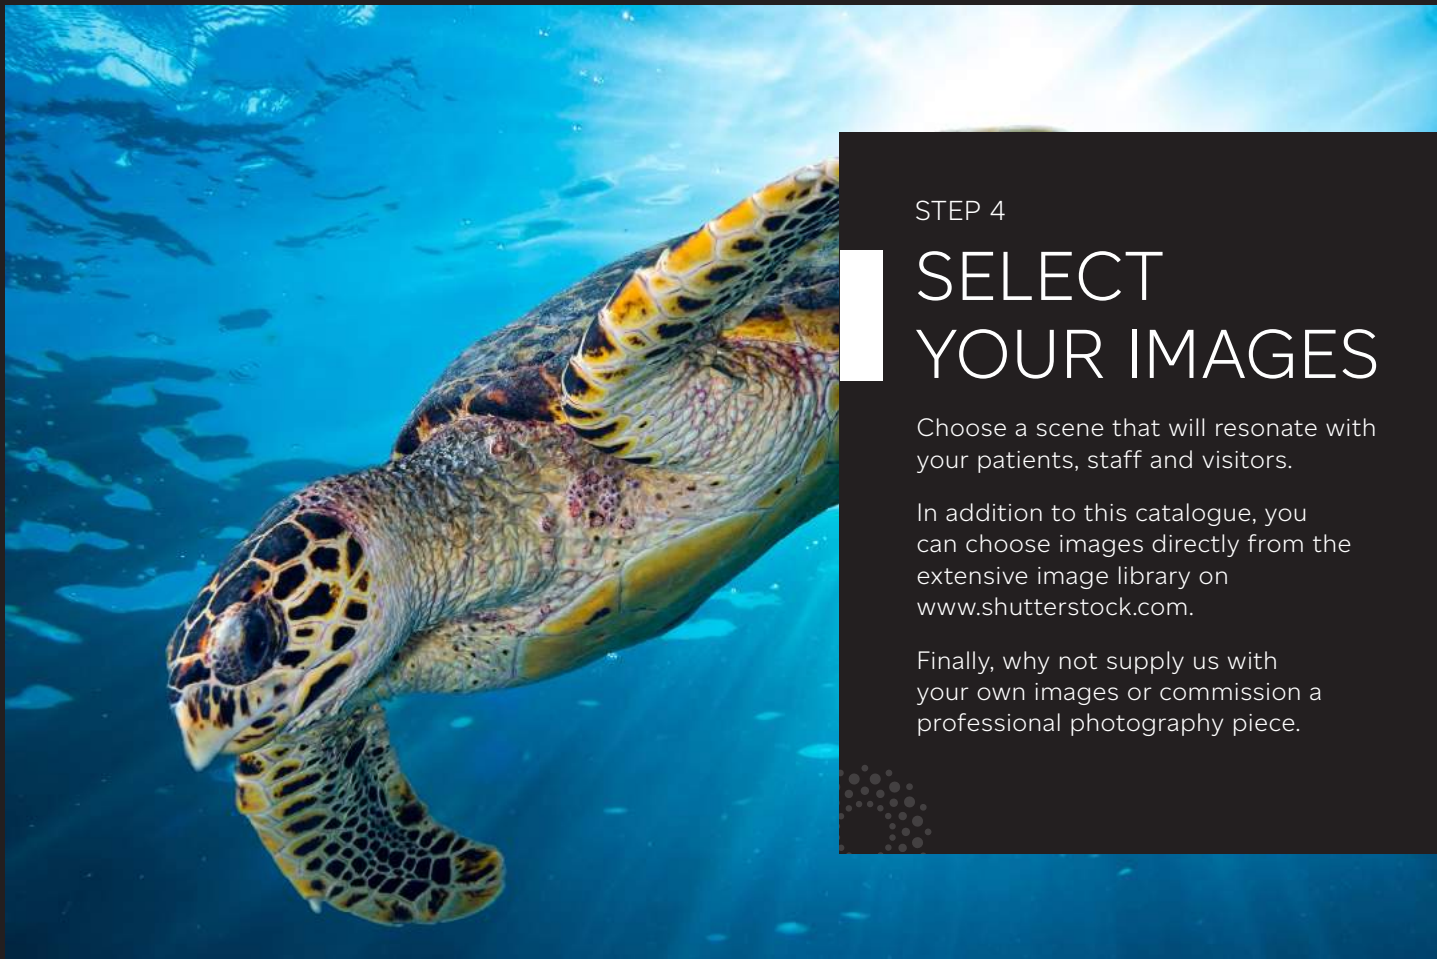

STEP 3

# CONFIRM THE CONFIGURATION.

Arrange them any  
way you like.  
We'll configure the  
image to suit.

STEP 4

## SELECT YOUR IMAGES

Choose a scene that will resonate with your patients, staff and visitors.

In addition to this catalogue, you can choose images directly from the extensive image library on [www.shutterstock.com](http://www.shutterstock.com).

Finally, why not supply us with your own images or commission a professional photography piece.
